

## HATE CRIMES

The Clery Act requires reporting of incidents where the offender's bias against a person or property motivates them in whole or in part to commit the crime. This includes bias against race, gender, religion, national origin, sexual orientation, gender identity, disability, or ethnicity. Incidents which fall under the Clery crimes above and thefts, simple assaults, intimidations, or vandalism must be reported.

During 2012 and 2011 no hate crimes were reported on Vanderbilt property.

In 2013, a simple assault which was partially motivated by religious bias was reported in a residence hall. The assault occurred during an altercation between acquaintances.

## VANDERBILT PROGRAMS OUTSIDE NASHVILLE

Vanderbilt conducts programs during the summer in Washington, D.C., and locations outside of Tennessee or the United States. In some instances, Vanderbilt may lease classroom and living space for the students participating in these programs, and security is provided by the leasing entity and by local police authorities. Specific questions about security at program facilities and housing should be raised with the sponsoring department and the faculty member or administrator in charge of the program. All victims are encouraged to report crimes to local police, the department or school sponsoring the program, and the Vanderbilt faculty or administrator in charge of the program. Vanderbilt has received no reports of crime occurring at property leased in connection with its summer programs in Washington or abroad during 2011 or 2012. In 2013, there was one referral for an alcohol offense which occurred at the Washington, D.C., location.

## Fire Safety

---

Per requirements for Fire Safety Reporting in the Higher Education Opportunity Act (HEOA), this report details elements of the Vanderbilt University Campus Fire Safety Program. Furthermore, it includes information on fire prevention policies and practices and on fire safety educational and training initiatives, an overview of fire protection equipment in the residence halls, emergency evacuation procedures, fire safety statistics, and proposed plans for future improvements to the student residence fire safety program.

The Vanderbilt University Campus Fire Safety Program is managed by the Vanderbilt University Police Department Emergency Preparedness Unit. This unit maintains all campus fire-related statistical data and works to ensure campus facilities and operations are within with the Metro Davidson County Fire Department rules and regulations.

## RESIDENCE BUILDING FIRE SAFETY SYSTEMS

All Vanderbilt residence buildings and Greek houses are protected by fire detection and automatic sprinkler systems. The fire detection sys-

tem is designed to alert building occupants in the event of a fire and is activated by smoke detectors, sprinkler water flow, or manual pull station activation. Additionally, all fire detection systems are monitored by Plant Operations Building Systems Controls (BSC), which is staffed 24 hours a day, 7 days a week. BSC will notify first responders including the Vanderbilt University Police Department (VUPD) and the Metro Nashville Fire Department (MNFD). Last, each residence building has an adequate complement of dry chemical fire extinguishers located in common areas, multi-room suites, and mechanical and storage areas.

## STUDENT FIRE SAFETY REGULATIONS

Vanderbilt University is a smoke-free campus. Smoking is prohibited in all buildings on campus, including university residence halls and Greek chapter houses, and on the grounds of the campus, with the exception of designated outdoor smoking areas. Additional smoking policy information can be found in the *Student Handbook*, Chapter 1.

### Residents must abide by the fire safety regulations outlined in Chapter 4 of the *Student Handbook*:

- Combustible materials may not be stored on the premises.
- Cardboard boxes may not be used for storage of items in storage areas.
- The Metropolitan Nashville-Davidson County Fire Code prohibits the use and storage of grills within ten (10) feet of any combustible materials on any balcony or patio of a multifamily dwelling. Use or storage of grills is prohibited on any balcony or patio, or in any residential facility.
- Motorcycles, mopeds, and other internal combustion machines may not be kept in university housing.
- Bicycles may not be stored in hallways, stairwells, or other common areas because they may block emergency egress. Bicycles may be stored in student rooms.
- Candles, other devices that produce open flames, oil lamps, and incense, are prohibited in the residence halls, and subject to confiscation, whether or not they are lit at the time they are discovered. Exceptions for registered events sponsored by university departments may be made at the discretion of the Senior Director for Housing Operations, or the director's designee.
- Walkways, stairs, and corridors must be kept clear at all times for emergency egress. Student property may not be stored in these areas.
- Heat producing appliances (coffee makers, heating pads, slow-cookers, etc.) must be attended when turned on.
- Flammable materials (e.g., sheets, blankets, bandanas, scarves), may not be used to cover or obstruct light sources, heating/cooling sources, or fire-safety fixtures,
- The university's smoke-free campus policy limits smoking to designated outdoor areas. Extinguishing or disposing of smoking materials by any means other than the urns provided is prohibited.
- Access to windows and doors must be kept clear for emergency egress.

- Emergency exits may be used by residents or guests only for emergency exit or exit during drills. Other use is prohibited.
- Failure to evacuate a building when a fire alarm sounds is prohibited.
- Additionally, the following are prohibited and will likely result in corrective action through the university's accountability process, which action may include possible suspension from the university or a prorated damage charge among the residents of a particular area if the responsible person(s) cannot be identified (*see Collective Damage*):
  - Tampering with door alarms, fire extinguishers, sprinkler heads, water flow, or other control valves and other fire-safety equipment
  - Tampering with smoke detectors, emergency phones, building access systems, elevator systems, surveillance cameras or other safety and security equipment
  - Tube lights and string lights, except that string lights may be used under the following conditions: Such lights may be used only in individual rooms and not in common areas. The lights must be UL approved and in good condition. No more than three strands of such lights may be strung together, and they must be plugged directly into an outlet or into a surge protector that is plugged directly into an outlet.
  - Items suspended from the ceilings, sprinkler heads, overhead piping, or on or near water pipes
  - Use or possession of fireworks
  - Disabling fire alarm systems
  - Arson/igniting fires
  - Tampering with or damaging fire-exit lights, signs, horns, strobes or other notification devices
  - Tampering with or obstructing emergency-exit doors

## **FIRE SAFETY RULES FOR ELECTRICAL APPLIANCES**

### **Approved Appliances**

Electric powered appliances such as radios, sound systems, TVs, electric blankets, clocks, lamps, and coffee makers with enclosed heating elements are permitted in residence hall rooms. All appliances used in campus residences must be in good condition, with special attention given to seals, electrical cords, and plugs. Only power strips with circuit breakers may be used as extension cords. Additional approved electrical appliances include:

- Microwave ovens (800 watt maximum and interior capacity of one cubic foot)
- Refrigerators (4 foot capacity)

*The residential staff may require that any appliance be placed in storage if the manner in which the appliance is used causes interruption of service or endangers the health, safety, or well-being of the residential community.*

### **Restricted Appliances**

Electric powered appliances with exposed heating elements and grills (either outdoor or indoor use, including "George Foreman" grills and like devices) are prohibited. Appliances that draw a large amount of current from each circuit, such as hot plates, air conditioners, and electric heaters are prohibited. Additional restricted electrical appliances include:

- Halogen lamps or halogen light sources
- Washing machines
- Dryers
- Water-heating elements

*The Senior Director of Housing, Facilities Operation, and Management reserves the option of revoking authorization for the use of any appliance in individual buildings or throughout the residential campus.*

## **FIRE SAFETY RULES FOR FURNISHINGS**

Student-owned furniture brought into campus residences and Greek houses must meet the hospitality/contract-grade furniture fire-safety specifications of either the National Fire Protection Association (NFPA) 260 or the California Technical Bulletin 117, section E. (Furniture that complies with either standard will be appropriately tagged by the manufacturer.)

## **RESIDENTIAL FIRE SAFETY EDUCATION AND TRAINING**

### **Residential Staff Training**

Prior to the beginning of each fall semester, the Vanderbilt University Police Department Emergency Preparedness Unit provides fire safety training for all Residential Advisers (RA). Topics covered include RA fire safety responsibilities, fire safety rules, evacuation procedures, fire drills, and extinguisher training.

### **Student Resident Training**

The following instructions are posted in every student's residence room on campus:

#### **FIRE EVACUATION**

When you hear a fire alarm or see smoke and fire:

- Exit the building immediately using the nearest exit.
- Never use an elevator as an exit during a fire.
- Feel each door as you approach. Never open a hot door.
- If the hallway or stairwell is smoky, seek another path or await rescue in your room.
- Once outside, proceed to the Area Rally Point. Never re-enter the building.

At the start of each fall semester, RA's are instructed to review the Evacuation Fire Safety Fact Sheet with residents of their floor during the first Residence Hall Meeting.

At the start of each fall semester, the Vanderbilt University Police Department Emergency Preparedness Unit provides fire safety training for all Greek House Officers. This training covers fire prevention, fire safe party décor, and evacuation safety.

**Fire Drills**

Fire drills are conducted each fall semester in every Vanderbilt residence hall. The drills are planned and coordinated by the Vanderbilt University Police Department Emergency Preparedness Unit, with input and assistance from the Senior Director of Residential Education, his Associate Directors and the Area Coordinators for each

Residential Area. The Area Coordinators have RAs check all residence rooms to assure that all residents have responded and make observations of conditions affecting the drill. BSC staff members activate the alarms and then check operating condition of fire alarm annunciators (audible and visual alarms) in each residence hall being drilled. In the fall of 2013, fire drills were conducted in all residence halls at Vanderbilt University.

Greek Houses with only six or seven residents are not required to conduct fire drills under local codes. However, we do offer to conduct a drill for Greek Houses when requested.

**2013 FIRE INCIDENT SUMMARY**

Date	Residence Hall	Room/Floors	Description	Injuries	Deaths	Total Damage
02/14/2013	Carmichael Towers IV	Flower bed by the dock & air intake	Careless disposal of smoking refuse	0	0	\$0
04/03/2013	Cole Hall	Room 342	Candle ignited curtain, blinds and residents chair	0	0	\$157
04/26/2013	Scales House	Room 2126	Two residents were packing and had a candle burning. The candle ignited packing paper, which set off the smoke detector for the room before they extinguished it.	0	0	\$0
05/22/2013	Gillette House	Room 518	Candle Fire. Occupant of the room at the time of ignition was a friend of the resident. He was burning a candle, possibly to mask the odor of smoking in the room. The candle ignited a backpack and spread to bedding, a rug, and a curtain-like sheet over the side of the bed. One of the two sprinklers in the room activated and extinguished the fire.	0	0	\$99,875
10/05/2013	Lewis House	Room 1006	A resident was cooking with oil and left it unattended for a short while. When the resident returned to it shortly later, it was in flames. The sprinkler system in the kitchen immediately activated to contain the fire and extinguish the fire. Multiple floors and rooms received water damage.	0	0	\$36,587
<b>Totals</b>				<b>0</b>	<b>0</b>	<b>\$136,619</b>

## 2011-2013 FIRE STATISTICS

Incident Date	Location	Narrative	Injuries	Deaths	Total Damage
	Currey Hall 103 21st Ave. S (razed 2012)				
	Dyer Hall 105 21st Ave. S (razed 2012)				
	Hemingway Hall 101 21st Ave. S (razed 2012)				
	Kissam Hall 2109 West End Ave. (razed 2012)				
	Mims Hall 2105 West End Ave. (razed 2012)				
	Reinke Hall 2101 West End Ave. (razed 2012)				
	Vanderbilt Hall 2211 West End Ave.				
	Barnard Hall 2211 West End Ave.				
04/03/2013	Cole Hall 2304 Vanderbilt Place	The resident had a candle burning in the room that ignited a curtain, blinds, and a chair.	0	0	\$157
	Mc Gill Hall 310 West Side Row				
	McTyeire Hall 414 24th Ave. S.				
	Tolman Hall 320 West Side Row				
	Tower 1 2321 West End Ave				
	Tower 2 2321 West End Ave				
	Tower 3 2401 West End Ave				
09/08/2011	Tower 4	Unattended cooking of frying onions	0	0	\$0
02/14/2013	2401 West End Ave	This incident was caused by the disposal of smoking refuse.	0	0	\$0
	Lupton House 2401 Vanderbilt Place				
04/26/2013	Scales House 311 24th Ave S	Two residents were packing up their belongings, when the packing paper was ignited by a candle they had burning in the room. This fire produced smoke causing the smoke detector to activate prior to being able to extinguish the fire.	0	0	\$0
	Stapleton House 315 24th Ave S				
	Vaughn House 313 24th Ave. S				
	Chaffin Place A 1406A 25th Ave. S				
	Chaffin Place B 1406B 25th Ave. S				
09/01/2012	Chaffin Place C 1406C 25th Ave. S	Food in the oven caught fire.	0	0	\$0
	Chaffin Place D 1406D 25th Ave. S				
	Chaffin Place E 1406E 25th Ave. S				
	Chaffin Place F 1406F 25th Ave. S
